

PLANT CATALOGUE

TERMS AND CONDITIONS

TERMS: Terms are offered to those with established credit. All accounts due net 30 days. If account is turned over to attorney for collection, buyer pays attorney fees. All other accounts are cash on delivery.

TRUCK DELIVERY: We can make truck delivery on full loads or combine your order with other customers in your area to make a load at lowest rates possible. All shipments travel at the purchaser's risk and expense.

PICKUP: If you prefer to provide your own logistics for your stock, we require advance notice. Your order will be pulled and ready to load when you arrive. Orders may be picked up Monday through Friday between the hours of 8:00 am - 11:30 am and 1:00 pm - 4:30 pm.

CAUTION: We accept all orders subject to crop conditions and a condition that same shall be void should injury befall our stock from hail, fire, frost, error in count, or other causes beyond our control. All orders are accepted without liability for non-performance if labor shortage or delay in transportation should prevent us from making delivery.

CLAIMS: Claims for any cause must be made promptly in writing upon receipt of stock. We will not entertain claims made after goods have been accepted or when report is not made in writing within 10 days upon arrival of stock.

In any case, no claim will be considered regarding orders, which have not been paid for, in full accordance with our regular terms of 30 days from date of invoice.

PRICES: Prices quoted herein are FOB Monticello, Florida and Smithville, TN. Prices named in the list are based on present market conditions and are subject to change without notice. These are wholesale prices and apply to wholesale quantities. We make every effort to limit the distribution of trade prices to those whom we know are entitled to receive them.

GRADING: All Simpson Nurseries stock is graded using American Nursery & Landscape Association standards used as a minimum.

GUARANTEE: If any nursery stock proves untrue to the description or variety name under which it was sold, we hold ourselves in readiness, on proper proof, to replace such nursery stock or refund the original amount paid. We neither express nor imply any warranty as to the productiveness or life of the nursery stock we sell and will not be in any way responsible for the results secured in transplanting. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock. The parties hereto agree that any dispute arising out of the sale of these goods shall be arbitrated exclusively in the 2nd Judicial Circuit Court in Jefferson County, Florida, and the state of Florida shall be the forum for any and all litigation that may arise from any sale of goods by the seller.

Apple Trees: Strong, structured liners with good branching and consistent vigor. Reliable producers with excellent bloom and fruit quality across multiple cultivars. Ideal for retail fruit tree programs, home orchard collections, or commercial production blocks. Performs best in full sun with well-drained soil and cross-pollination from compatible varieties.

Blueberry Bush: Compact, high-yielding plants with dense foliage and heavy berry set. Produces firm, flavorful fruit suitable for retail or u-pick markets. Excellent for container sales, edible landscape programs, or commercial field production. Hardy, low maintenance, and adaptable across a wide range of soil types.

Fruiting Cherry Trees: Vigorous, well-branched trees offering strong early growth and dependable fruit set. Attractive in bloom and highly marketable when fruiting. Suitable for retail garden centers, orchard development, or landscape installations requiring ornamental and edible value. Performs best in full sun with moderate water needs.

Evergreen collection

Little Gem Magnolia: Close-up of creamy white Little Gem Magnolia blooms against deep green foliage. Compact, evergreen, and richly fragrant — ideal for small landscapes, foundation accents, or decorative borders.

Thuja Green Giant: A row of mature Thuja Green Giants forming a lush, uniform privacy hedge. Fast-growing and evergreen — ideal for border planting, property lines, and naturally hiding neighbors year-round.

Evergreens have become a staple in the landscape industry. We offer flowering and border planting varieties in our year-round foliage category.

Eastern Redbud: Dependable landscape ornamental known for its early spring bloom and strong form. Produces abundant pink-lavender flowers along bare stems before leaf-out. Performs well in container or field production with uniform branching and moderate growth rate. Adaptable to a range of soils; excellent sell-through as a specimen or small landscape tree.

White Dogwood: Classic flowering variety recognized for brilliant white bracts and high landscape appeal. Consistent performance in container production and moderate vigor for manageable shipping size. Strong demand for retail and re-wholesale markets as a native, spring-flowering feature tree. Prefers partial sun and well-drained, acidic soils.

Japanese Magnolia: Deciduous magnolia featuring early-season blooms in shades of pink, purple, or white, depending on cultivar. Excellent container presentation and strong consumer recognition. Performs reliably in Zones 5–9, with moderate growth and a rounded form. Suitable for garden center programs, landscape installations, or accent plantings.

Not a Wholesale Buyer? Want to purchase just a few plants? No problem.

Shop our online retail store and have our plants shipped right to your door.

Shade collection

A large tree's primary role in the landscape is to provide shade in the surrounding environment from its spreading canopy and crown. We offer sizes ranging from five gallon to forty-five gallon pots.

Southern Live Oak: Iconic evergreen oak with broad, spreading canopy and strong structural form. Highly adaptable and long-lived, suitable for both field and container production. Excellent survival rates and transplant success make it a staple for landscape contractors, municipalities, and large-scale installations. Tolerates heat, drought, and coastal conditions once established.

Japanese Red Maple: Compact, deciduous ornamental prized for its finely textured foliage and brilliant seasonal color. Consistent form and high retail appeal across numerous cultivars. Performs well in container production with manageable growth and strong branching. Best suited for partial sun locations with well-drained soils; ideal for garden center and landscape use.

Crape Myrtle collections

Proven landscape performer available in a wide range of sizes, bloom colors, and leaf forms.

Strong consumer demand across both traditional green-leaf and dark purple-leaf introductions.

Vigorous, drought-tolerant, and highly adaptable to heat and humidity. Suitable for container and field production with excellent branching and long bloom duration. Ideal for retail landscape programs, municipal plantings, and mass color displays. Thrives in full sun and well-drained soils.

Miss Frances

Miss Sandra

Plum Magic Crape Myrtle – Compact, early-flowering variety featuring rich fuchsia-pink blooms and deep plum-colored foliage; uniform growth and heavy bloom coverage make it ideal for container production and landscape color displays.
